* The title of our coffee breaks is a Swedish word that stands for more than just “coffee break” — *fika* is used to describe the tradition or ritual of making time for friends and colleagues to connect. *Fika* is a space for exchanging knowledge, opinions, and ideas. We’d love to invite this kind of exchange into the symposium space... let’s *fika* together!

** Lunch will not be provided, but there are a number of food options nearby. Symposium participants and attendees are welcome to use the seating area outside of KT519 to consume any snacks or food brought from home!
